

Knowledge and Innovation for the Composite Industry

LAMILUX starts webinar series 2025

LAMILUX Composites is pleased to announce the Webinar Series 2025, which offers valuable insights and practical information for professionals and interested parties in the composite industry. The webinars are part of the LAMILUX Academy and provide a platform to share knowledge, discuss trends, and present innovative solutions.

The webinar series covers a variety of topics specifically tailored to the needs of the industry. From the latest developments in material technology to best practices in application, participants can look forward to exciting content presented by our experts.

Look forward to the following webinars from the LAMILUX Academy:

Tips for the Optimal Processing of Glass Fiber Reinforced Plastics (GRP)

Thursday, March 27, 2025 - 09:00 AM (CET)

Speaker: Daniel Hauenstein

Prefab Innovation: How Glass Fiber Reinforced Plastics (GRP) is Transforming Construction

Thursday, May 22, 2025 - 09:00 AM (CET)

Speaker: Jörn Müller-Klamt

Ansprechpartner für die Redaktion:

LAMILUX Heinrich Strunz GmbH
Markus Bächer
Marketing
Zehstraße 2, 95111 Rehau

Tel.: 09283/595-1622
e-Mail: markus.baecher@lamilux.de

**Shaping the Future of the Global Caravanning Industry: Discover GRP
Design Materials**

Thursday, July 31, 2025 - 09:00 AM (CET)

Speaker: Theresa Mergner

**Lightweight Construction, Functional Integration, and Robustness -
Lightweight Construction in Transport Logistics**

Thursday, October 9, 2025 - 09:00 AM (CET)

Speaker: Sascha Oswald

The webinars are free of charge and are aimed at anyone looking to expand their knowledge and stay informed about the latest trends in composite technology. Registration is simple and can be done through our website.

About LAMILUX Composites GmbH

LAMILUX Composites GmbH has been producing fiber-reinforced plastics for around 70 years. Thanks to its technologically outstanding, continuous manufacturing process, large production capacities and broad product range, the medium-sized company is Europe's leading producer. LAMILUX supplies customers around the world in the fields of vehicle, motorhome and caravan construction, cold storage and cold room construction, the construction industry and numerous other industrial segments. LAMILUX strives to be an innovation and performance leader in all areas relevant to its customers. The family-owned company based in Rehau is managed by Johanna and Dr. Alexander Strunz in the fourth generation.
