

CARAVAN SALON Düsseldorf 2026 Review

LAMILUX Composites draws a positive conclusion after CARAVAN SALON 2026

With numerous expert discussions, a high level of visitor engagement at the exhibition stand, and valuable contacts with existing and potential customers, LAMILUX Composites looks back on a successful appearance at CARAVAN SALON 2026 in Düsseldorf. As the world's leading trade fair for mobile leisure and travel, the event once again brought together the international caravanning industry and reaffirmed its role as the premier platform for innovation, trends and personal networking. Around 800 exhibitors showcased their products and solutions in Düsseldorf.

During the ten-day exhibition, visitors from around the world took the opportunity to learn about new vehicles, components and technologies. CARAVAN SALON 2026 attracted almost 270,000 visitors from more than 80 countries, once again underlining the ongoing strength and dynamism of the industry.

For LAMILUX Composites, direct exchange with customers, partners and industry experts was once again at the heart of the event. The company presented its high-quality GRP solutions for the caravan, motorhome and vehicle manufacturing sectors and demonstrated how modern composite materials contribute to lighter, more durable and visually appealing vehicle concepts.

"The CARAVAN SALON is an important meeting place for us every year, allowing us to maintain existing relationships and establish new contacts. Discussions at the show confirmed that high-quality surfaces, low weight and durable materials remain key factors for vehicle manufacturers. At the same time, expectations regarding the combination of technical performance and modern design continue to grow," explains Oliver Liebsch, Sales Director at LAMILUX Composites.

Particular interest was shown in the versatile application possibilities of LAMILUX GRP sheets and rolls for sidewalls, roofs, floors and interior components. Thanks to their high durability, low weight and excellent surface quality, they make a significant contribution to the quality, functionality and value of modern leisure vehicles.

Looking ahead to 2027

Following this successful appearance, LAMILUX Composites is looking to the future with confidence. Oliver Liebsch summarizes: "The positive response to our exhibition stand and the large number of concrete project discussions confirm the relevance of our solutions for the industry. The next step is to transform the contacts and insights gained during the exhibition into concrete projects and partnerships."

LAMILUX Composites would like to thank all customers, partners and visitors for the valuable discussions and the great interest shown in its solutions. CARAVAN SALON 2026 once again demonstrated the strong momentum and promising future prospects of the caravanning industry.
