LAMILUX CI System Glass Element FE

Bagers Plats, Malmö (Sweden)

Essential Info

| | |
|------------------|---------------------------|
| Place / Country: | Malmö, Sweden |
| Year: | 2011 |
| Building type: | Transportation facilities |
| Solutions: | Glass Skylight FE |

In the course of urban planning, an underground car park was built on the busy Bagers Plats near the central station of Malmö. Four Glass Skylight FE bring daylight into the depth and are therefore a connection to the outside world. The 3° incline of the elements causes a self-cleaning effect.

- Glass Skylight FE: 1.5 m x 1.5 m, 3° inclined border frame, upstand incl.
